# **Instructions for Form FTB 3574**

Special Election for Business Trusts and Certain Foreign Single Member LLCs

#### **General Information**

### **A Purpose**

Use form FTB 3574 to make an irrevocable election to be classified the same as federal for California tax purposes.

If the entity is a business trust or a previously existing foreign single member limited liability company (SMLLC) and the entity meets one of the conditions below, the entity is eligible for the election (Cal. Code Regs., tit. 18 section 23038):

- 1. The entity is a business trust that was classified as a corporation under California law, but was classified as a partnership for federal tax purposes for taxable years beginning before January 1, 1997; or
- The entity is a previously existing foreign SMLLC that was classified as a corporation under California law, but elected to be treated as a disregarded entity for federal tax purposes for taxable years beginning before January 1, 1997.

Revenue and Taxation Code Section 23038 (b)(2)(C) provides that this election does not apply to an entity that within the 60-month period before January 1, 1997:

- Did not derive income from sources within California;
- · Was not doing business within California; or
- Had no owner who was a resident of California.

Unless the business trust or previously existing foreign SMLLC makes this irrevocable election to be classified or disregarded, the entity will continue to be classified as a corporation for California tax purposes and must file Form 100, California Corporation Franchise or Income Tax Return. See Cal. Code Regs., tit. 18 section 23038(a)-(b), for more information.

## **B** Check-the-Box Regulations

California generally conforms to the federal entity classification regulations (commonly known as "check-the-box" regulations). These regulations allow certain unincorporated entities to choose tax treatment as a partnership, a corporation, or as a disregarded entity (SB 1234, Stats. 1997, Ch. 608).

Generally, any elections made for federal purposes, under the federal "check-the-box" regulations are binding for California purposes, and no separate state elections are allowed. However, there is an exception in the case of certain eligible business entities. This exception applies to business trusts and previously existing foreign SMLLCs. The entity should file the appropriate California return.

An "eligible entity" may choose its classification. An "eligible entity" is a business entity that is not a trust, a corporation organized under any federal or state statute, a foreign entity specifically listed as a per se corporation, or other special business entities. Other special business entities under the Internal Revenue Code include publicly traded partnerships, real estate mortgage investment conduits, financial asset securitization investment trusts, or regulated investment companies. An eligible entity with two or more owners will be a partnership for tax purposes unless it elects to be taxed as a corporation. An eligible entity with a single owner will be disregarded for tax purposes. If the separate existence of an entity is disregarded, its activities are treated as activities of the owner and are reported on the appropriate California return.

#### **C** Effective Date of Election

Generally, the election will take effect on the date entered on form FTB 3574, line 2. If no date is entered, the effective date will be the date the form is filed. The effective date specified can be no more than 12 months after the date on which the election is filed, and no more than 90 calendar days prior to the date on which the election is filed.

If an effective date is selected which is more than 12 months after the filing date, the election will take effect 12 months after the date the election was filed. If a date is chosen which is more than 90 calendar days prior to the date on which the election is filed, the election will take effect 90 days before the date it is filed.

# **F** Important Information

For taxable years beginning on or after January 1, 1997, if an entity taxable as a corporation for California purposes elects to be classified as a partnership or disregarded entity in the same manner as the entity is classified or disregarded for federal tax purposes, the entity must treat the change of classification as a liquidation of a corporation. This may cause a short-period filing requirement. The corporation and its shareholders must also recognize the tax consequences of such a dissolution.

For conversions on or after January 1, 2003, if an entity taxable as a C corporation or S corporation converts to an LLC and elects to be a partnership or a disregarded entity, the entity must treat the conversion as a liquidation of a corporation. This may cause a short-period return requirement. The corporation and its shareholders must also recognize the tax consequences of such dissolution.
